FIRST TUXIS AND C.G.I.T. BANQUET

Tuxis Boys united with the C.G.I.T. groups of Didsbury Monday evening last and had as their guests their fathers and mothers at the first event of its kind in Didsbury, a supper held in the United Church, a Father and Son—Mother and Daughter banquet.

Following the sumptuous supper prepared by the girls, everybody retired to the church auditorium where a program had been arranged under the chairmanship of Mr. Elmer Evans.

Following a lively sing-song Miss Nelda Huget proposed a fitting toast to "Mothers." Mrs. E. G. Ranton, in her response, voiced her's, as well as the other mothers present, appreciation of the beautiful sentiments expressed by Miss Huget.

Two special speakers were present from Calgary for the occasion. Miss Beth Carscadden and Mr. Jack Collett, both leaders in Boy's and Girls' Work, the latter Minister of Finance in the Boy's Parliament, the last session of which was recently held in Calgary.

Miss Carscadden spoke to an interested audience on "Families," stressing the little things that draw the family together. Her talk was very much enjoyed, and as from one who has studied and is studying the problems of the relation of the growing boy and girl, especially the latter's, to the home, country, school and church, each playing a definite part in that life.

The topic of Mr. Collett's pithy talk was "Service." He spoke of the four emblems of the Tuxis Boys' organization, and as minister of finance mentioned the significance of the present campaign for funds throughout the province to

District Oratorical Contest Here Feb. 15

Particulars at this time are lacking in regard to the oratorical contest for this district, embracing the towns near Didsbury, which is to be held in the Knox United Church, Didsbury, Friday afternoon, February 15th, at 3 o'clock to select the contestant who will appear in Calgary for the provincial finals.

The public is invited to attend this event Friday which is sponsored by the Calgary Herald and is free of charge.

The names of the speakers are not in our hands as this goes into type, however, the local aspirant for honors is Miss Dorothy Ranton. Miss Ranton made her preliminary introduction to the citizens of Didsbury when she spoke on "Canada Among the Nations," in the Opera House Saturday evening last. Dorothy bids fair for a good chance in the Calgary finals, judging by her execution and the way it was received by her audience.

LOCAL COUNCIL AND SCHOOL TRUSTEES ELECTED 1929

The vacancies in the Didsbury Town Council and the School Board were filled by acclamation last week.

Mayor: H. W. Chambers.
Councillors: C. Adshead, Roger Barrett, S. Tighe.
School Trustees: Dr. W. G. Evans, J. A. McGhee, C. Adshead

help this work along.

In reply to a toast to "Our Dads," proposed by Ormond Philipson, Mr. H. Reiber aptly stated that this worthy work was one of the greatest organizations in the Dominion.

Mayor Chambers and Rev. A. E. Hayes were also called upon for a few remarks.

Before dispersing, the crowd, both young and old, adjourned to the basement where a number of group games were played, after which a pleasant evening was drawn to a close with the singing of "Auld Lang Syne."

We have been asked, through the medium of these columns, to express the thanks of the Tuxis and C.G.I.T. groups to those who so kindly supplied the food for the occasion.

PLANT EARLY, IS SETTLER WARNING

Owing to the extraordinary dry condition of the ground and the likelihood of small crops if heavy spring rains are not felt in the province, Walter S. Woods, Southern Alberta superintendent of the land settlement branch, has sent out letters to his field representatives, urging them to see that settlers under their charge get their seeding done early.

Should protracted spring rains come, the man with his seed ready to germinate in the ground will be fortunate, Mr. Woods stated. He is also asking the field men to bring pressure to bear on settlers to be sure and select good seed, because of frost conditions last fall.—Calgary Herald.

Burnside Notes

Mr. and Mrs. Clarence Stuart and Mr. John Scott were in Wainwright last week attending the funeral of Jean, daughter of Mr. and Mrs. Will Stuart and granddaughter of Mr. and Mrs. John Scott.

BORN—On Saturday, Feb. 9th,

DIDSBURY'S FIRST BONSPIEL SUCCESS

Didsbury's first bonspiel which was held last week was voted by those taking part as one of the best on the C. & E. line. Twenty-seven rinks were entered including twelve visiting rinks, Drumheller, Crossfield, Carstairs, Innisfail and Olds being represented.

A section of the skating rink alongside the curling rink was converted temporarily into two sheets, and with the two sheets in the curling club building, it made ample room for speeding up the competitions.

The three Innisfail rinks took the lion's share of the prizes home with them, each rink winning an event in each of the three competitions: Lennox the Rosebud event, White the Merchants and Edgar the Consolation.

Williams of Crossfield and Lennox of Innisfail met in the finals of the Merchants event, the latter winning the game in the thirteenth end. White of Innisfail and Fisher of Didsbury clashed in the last round of the Rosebud competition, the former taking first place.

Edgar of Innisfail and Pitt, Didsbury, played a very close game on Friday morning in the finals of the Consolation, thirteen ends having to be played. Pitt was laying two when Edgar was to throw his last rock. The Innisfail skip made a perfect draw to the button and counted one!

The visiting winners stated that the prizes were second to none. The spiel was a big success and speaks well for those who were in charge. The following are the winners of the three competitions, the names appearing in order:

Merchants Competition: Lennox, Innisfail, Williams, Crossfield, Johnson, Didsbury, Cook, Didsbury.

Rosebud Competition: White, Innisfail, Fisher, Didsbury, McCloy, Didsbury, Williams, Crossfield.

Consolation Competition: Edgar, Innisfail, Pitt, Didsbury, Elliott, Olds, Sinclair, Didsbury.

1929, to Mr. and Mrs. Pete Schumaker, a son.

The Lone Pine W.I. will meet at the home of Mrs. C. R. Liesemer on Feb. 21st instead of Feb. 14th. The topic will be Home Economics and will be taken by Miss Annie McCulloch. All the ladies of the district are cordially invited.

Miss Ellen Cattnach is recuperating nicely after her recent operation and will be able to leave the hospital this week.

The Junior U.F.A. drew a large audience on Monday evening, Feb. 4th to hear their very interesting debate, "The automobile vs. the horse as an aid to courtship." Miss Helen Pross and Bert Richardson upheld the car and Miss Annie McCulloch and Gus Bittner were for the horse and buggy. After a sharp spirited debate the judges decided in favor of the more speedy and modern method of transportation.

The dance on Friday was well attended. There will be another on February 22nd. Same place, same orchestra.

There was a small attendance at the Hall board meeting on Wednesday. W. C. Ahlgrim, the retiring trustee, was re-elected, two others nominated not being eligible. The financial statement was very satisfactory, showing only \$100 in bonds to pay off before the hall is clear of debt. This is surely a splendid record and the Hall board and community are to be congratulated on achieving so much in such a short time.

A boy who stole a cow two years ago has been arrested on a charge of an attempt to steal an automobile. At any rate, his taste in transportation agents is improving.

Collegiate Tours Enable Students to See Old World Attractions at Small Expense

A PILLOW FIGHT

STUDENTS AT ANNE HATHAWAY'S COTTAGE, STRATFORD-ON-AVON

DECK TENNIS

DANCING ON DECK

The advent of Spring and early Summer will see thousands of carefree young men and women; college students, teachers, doctors, lawyers, artists and other professional folk packing their suitcases, bidding adieu to their friends, and boarding ocean liners for a voyage to Europe. Not so long ago trips of this kind were confined to a few fortunate folk with a good deal of money at their disposal, but nowadays the Collegiate Tours, organized by the Art Crafts Guild of Chicago in conjunction with the Canadian Pacific Steamships, has enabled young people and others of limited means to travel and see the world. In former times a

superficial knowledge of one's own country was considered sufficient for the ordinary person but in these days of intense competition it is acknowledged that some idea of other countries, particularly those of the Old World, is desirable both from the standpoint of an employer and from that of the person who would deem himself or herself really well informed.

These collegiate tours which leave several times a month from Montreal and Quebec, offer steamship accommodations varying from the increasingly popular and economical tourist third cabin to the regular cabin class. They are conducted by experienced people and offer varying itineraries including England, Holland, Belgium, France,

Germany, Switzerland, Italy and other countries. "Tourist Third" must not be confused with regular third class for it is a recent innovation in overseas travel and provides good, clean, comfortable surroundings, an appetizing well-prepared menu, jovial and well-bred travelling companions and the run of a large part of a first-class liner at a very considerable reduction over the regular first cabin and cabin prices.

The St. Lawrence route to Europe is extremely picturesque and provides a river voyage of 1,000 miles before the open Atlantic is reached. Deck tennis, bridge parties, dancing on deck and other forms of entertainment speed the voyagers on their way.

Red Rose Orange Pekoe Tea is truly economical. A half pound makes almost as many cups as a full pound of cheap tea costing 50c to 60c.

RED ROSE TEA "is good tea" RED ROSE ORANGE PEKOE is extra good In the best package—Clean, bright aluminum

Education and Leisure

It has long been the boast of Western Canada that its people are intensely interested in education. With pride the people have drawn attention to the fact that in towns and villages the most outstanding structures are the schools, while the vast expanse of prairie has been dotted with rural schools, the number of which in the three prairie provinces now approximates closely to ten thousand. These thousands of rural and village schools, larger public and high schools in the towns, still larger schools, collegiate institutes and colleges in the cities, and the three Provincial universities, are but the visible expression of the determination of the people of the West that the children of this and future generations shall not only thus be "prepared for life," but that they shall come to realize that education is life, inasmuch as it is both the accompaniment and the experience of life.

It is said that education is entering upon a new era. No doubt it is, because in this changing world we are always entering upon new eras, and education must do likewise. The basic aims, the great objectives of education abide. Methods change and the setting varies, but it remains true that health is fundamental, the tools and techniques of learning are necessary, citizenship is inescapable, service is a radiant star, home is man's great joy, leisure is liberty, and character is humanity's highest good.

Education is not confined to school and college. It does not even begin there, and certainly it does not end there. School is but a means to an end. Through it certain knowledge is imparted, but if that were all our schools would be a dismal failure. At best, schools in imparting knowledge give us tools to use, and, to some extent, train us how to use those tools and others which we will acquire as we journey through life. But education is not passing examinations from one grade to another or the attainment of degrees. Education is a training of the mind and equipment to enable us to meet all the joys and pleasures, the pains and sorrows, the duties and responsibilities, the vicissitudes of life, and put them all to the highest possible use.

An educated nation, it has been said, is one that has learned to pursue its interests to the point of a true and catholic culture, to penetrate its prejudices until it has come at truth, and to discover that every man has a contribution to make to the great society in the service of which he attains to freedom.

Five or six years ago, the National Council of Education held a great and noteworthy conference in Toronto, the theme of which was "Education and Life." In April next, it will convene another conference in Vancouver, with the general scheme of its programme "Education and Leisure." The subjects for discussion by noted speakers and authorities from all parts of the world include: Literature; The Moving Picture; Music and the Drama; The Radio; Organized Play, Recreation; Hobbies and Handicrafts; Health in Relation to Leisure.

Life is divided into hours of work, and hours of leisure. It has, however, become customary to consider education almost wholly in terms of work, and little thought has yet been given to education in its relation to leisure. The Lord Chief Justice of England, recently said that "second only to drink, the real cause of crime is the difficulty of finding healthy recreation and innocent amusement for the young." The free hours of a large proportion of youths and adults are occupied with harmful and trifling pleasures. We must realize that it is when the young are idle that they form the habits which may later ruin their lives.

Modern machinery which is steadily displacing man in the production of man's material needs, is producing an ever increasing number of leisure hours. Education in the present and future must concern itself with the provision and enhancement of interests to occupy the leisure of both the child and the adult. There must be interests which education alone can give if men are to gain the faculty of using leisure easily, happily and fruitfully.

Such interests can be found in good literature, in music, in useful hobbies and handicrafts, in organized health-giving play and recreation. Organized games provide education in self-control. To "play the game" is instinctive to youth; developed to its fullest, this natural gift becomes an asset of great national worth and importance in the evolution of a high type of citizenship.

Labor unrelieved by recreation produces fatigue, and fatigue produces hate, lawlessness and despair. Recreation unregulated, unregulated, produces vice, degeneration, and helplessness. Play is the natural expression of all the inborn instincts. When a man is natural and at his best, it is his spirit that plays.

Parents and teachers may well give greater heed to the trend of these modern days, and devote greater and close attention to the encouragement of proper use of the leisure hours of the children under their care.

FLU Germs Breed In the Throat.

First Appear As A Common Cold, But Gain Tremendous Headway
In Six Hours

SOME SIMPLE PRECAUTIONS AGAINST INFLUENZA

Simple precautions taken now will enable you to fight dreaded "Flu" which is sweeping rapidly through the whole country. The germs of Influenza gain access to the body through the mouth and throat. Keep the throat healthy and you go a long way towards stopping the trouble. An effective means of prevention is to gargle the throat three or four times daily with Nerviline. Half a teaspoonful of Nerviline in water makes a most efficient gargle. The germ-killing properties of Nerviline quickly destroy any bacteria in the mouth or throat. If the chest is sore, if the throat is hoarse, if you have a cough—be sure to rub the neck and chest with Nerviline. Every drop of it will rub in, and out will come the congestion.

Of course it is absolutely necessary to house-clean the system with Dr. Hamilton's Pills which stimulate the eliminating organs, and rid the system of disease-breeding germs. This combination treatment of Nerviline and Dr. Hamilton's Pills will give prompt and entirely satisfactory results.

Need Continual Warning

Public Seem to Forget Menace of Level Crossing

While the ideal thing would be to eliminate every level crossing in the country—and steps toward that end are being taken—it will be many years before this menace to public safety is a thing of the past. In the meantime the public must be continually warned.

If every person would get it firmly fixed in his mind that each level crossing is dangerous and that each one must be so regarded when approaching it, the death toll from this source will be materially reduced. Motorists cannot afford to fool with level crossings.

RHEUMATIC PAINS DUE TO THIN BLOOD

Relief Comes Through the Use
Of Dr. Williams' Pink Pills

The most a rheumatic sufferer can hope for in rubbing something on the swollen, aching joints is a little relief, and all the while the trouble is becoming more firmly rooted. It is now known that rheumatism is rooted in the blood, and that as the trouble goes on the blood becomes still further thin and watery. To get rid of rheumatism, therefore, you must go to the root of the trouble in the blood. That is why Dr. Williams' Pink Pills have proved so beneficial when taken for this trouble. They make new, rich blood which expels the poisonous acid and the rheumatism disappears.

There are thousands of former rheumatic sufferers in Canada, now well and strong, who thank Dr. Williams' Pink Pills that they are now free from the aches and pains of this dreaded trouble. One of these, Mrs. W. F. Tait, McKellar, Ont., who says:—"I am one of the willing ones to tell you of the great benefits I received from the use of Dr. Williams' Pink Pills. After lying in bed for seven weeks suffering untold agony with inflammatory rheumatism, relief finally came through the use of this medicine. I could not move in bed only as they lifted me, and I could not sleep when opiates were given me. The medical treatment I was taking seemed of no avail. Then I was advised to try Dr. Williams' Pink Pills, and soon I began to get relief. After taking six or eight boxes the rheumatism was banished and I have never felt better in my life. It is several years since this happened and I have had no return of the trouble since. I may add that I recommended the pills to two of my friends who were suffering with rheumatism and the pills were equally effective in both cases."

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, indigestion or nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Livestock Industry Prosperous

The livestock industry of Alberta was responsible for a revenue of \$8,775,257 in 1928, according to D. A. McKenzie, Dominion markets representative. The livestock industry is enjoying a measure of prosperity which should encourage those engaged in this branch of agriculture to face the future with confidence, he stated.

Miller's Worm Powders will purge the stomach and intestines of worms so effectively and so easily and painlessly that the most delicate stomach will not feel any inconvenience from their action. They recommend themselves to mothers as a preparation that will restore strength and vigor to their children and protect them from the debilitating effects which result from the depredations of worms.

If we dig down into the earth to a depth of about 25,000 feet we find a temperature of 200 degrees.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

Great Britain uses less than one-half the amount of paper consumed in the United States.

There may be other corn removers, but you will not be completely satisfied until you have used Holloway's Corn Remover.

"Should an airplane be referred to as 'she'?" asks an inquiring subscriber. All except the mail planes

Minard's Liniment prevents Flu.

Zam-Buk

UNEQUALLED FOR

PILES
COLD-SORES
RINGWORM
& ULCERS

Quickly soothing and healing Zam-Buk is splendid for skin troubles of all kinds. It heals with the aid of Nature's herbs, in Nature's own way.

May Be the Reason

Women's feet are now two sizes larger than they were twenty years ago, according to an orthopedic expert. Is this because she has been trying to fill man's shoes.

Freedom From Asthma

Asthma is one of the most distressing troubles, sudden in its attacks and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. D. Kellogg's Asthma Remedy is the one help which can be depended upon. If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

Wonders Of Suez Canal

Business Has Grown Enormously
Since Waterway Was Opened
In 1870

Advices from Port Said express the opinion that the passing through of the huge Singapore Dry Dock in two sections is the greatest feat ever accomplished by that waterway, although usually ships pass through the canal in 15 hours. In 1870, the year after the canal was opened, the average time of passage was 48 hours, and the largest ship accommodated was one of 4,414 tons. Today ships of 27,000 tons pass through the canal. Last year 5,545 ships with a total net tonnage of 28,962,018 passed through with transit receipts amounting to \$42,000,000. In 1870 the number of vessels was 486 with a tonnage of 436,609, while the receipts amounted to \$5,584,000.

Use Minard's Liniment for the Flu.

The Father—"Well, Johnny, don't you want to come in and see the new little sister the stork brought you last night?"

Four-year-old—"Nope, but I'd like to see the stork."

A venerable Scot purchased a radio set. A few days later his friends asked him how he liked the set. "Well, it's aw right to listen to, but those bulbs are nae guid to read by."

Minard's Liniment for the Grippe and Flu.

Sparrows at Mayence, France, are artistic. Before building nests they wait for an annual rose carnival, then make their homes with confetti picked up from the streets.

Don't Neglect
Bronchial Colds

Pneumonia, "Flu" and other dangerous maladies develop from common colds. To prevent trouble take Buckley's Mixture. It quickly relieves the Cough and removes the cause. Different from old-fashioned syrups. It's a scientific combination of proven virtues. Sold by all druggists and guaranteed.

FOR
NEURALGIA

ASPIRIN

You doubtless depend on Aspirin to make short work of headaches, but remember that it's just as dependable an antidote for many other pains! Neuralgia? Many have found real relief in an Aspirin tablet. Or for toothache; an effective way to relieve it, and the one thing doctors are willing you should give a child—of any age. Whether to break up a cold, or relieve the serious pain from neuritis or deep-seated rheumatism, there's nothing quite like Aspirin. Just make certain it's genuine; it must have Bayer on the box and on every tablet. All druggists, with proven directions.

Physicians prescribe Aspirin;
it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

FRANCE WILLING TO RENOUNCE PENSION RIGHTS

Paris.—A determined effort to insure the economic rehabilitation of Europe will be made when the international committee of experts on reparations begins its sessions here.

Statement that France would waive nearly \$6,000,000,000 in pension rights granted her by the Versailles Treaty, indicates that a conciliatory spirit will be shown to promote solution of the tremendous financial problem left by the world war.

The treaty provided that Germany must pay the French pension bill, estimated to be 150,000,000,000 francs. France, it was understood, would demand from Germany only restitution for damage done to French property and a sum equivalent to the French war debt to the United States and England.

The problem of the experts is to determine how much Germany can pay without being crippled, and how many years she should be allowed in which to pay it. The exact total of reparations never has been fixed and it has become obvious that Germany never could pay the staggering total which the Allied nations would like to get—about \$30,000,000,000.

Economic experts point out that Germany cannot be stabilized economically or industrially until she knows definitely how much she has to pay and can regulate finances accordingly.

War debts will be treated as a corollary by the European experts, whose governments, in effect, hold that their debts to the United States must be paid out of German reparations. The United States has held consistently that the debts are a separate issue and are payable whether Germany provides sufficient reparations or not.

A third problem is the evacuation of the Rhineland. A plan is being considered to withdraw the troops and substitute an Allied commission of control in the Rhineland.

Radio For Peace River

Premier Brownlee Outlines Year's Plans For North Country

Edmonton, Alta.—Short-wave radio stations to link up isolated points in Alberta's north, pending the carrying of telegraph communication to such points; an intensive search for water in areas where water is scarce; three survey parties on soil surveys; and a survey party to examine the pre-Cambrian Shield in the northeast of the province for mineral possibilities, are among plans for the Peace River country this year, Premier Brownlee told the Alberta legislature.

Killed During Formation Flight
Pensacola, Fla. — Branwell P. Howell, 24, and Andrew Brink, 21, attached to the naval flying squadron here, were killed when their aeroplanes crashed in mid-air during a formation flight.

AT this season of the year when intestinal "flu" is prevalent and in this age when so many are worried by high blood pressure and "nerves", too much care cannot be taken to keep the system entirely free from poisons and impurities. Marlatt's has for many years been found most valuable in toning up the liver, in keeping the intestines functioning normally and in preventing bile stagnation. Try this highly recommended treatment now.

Seeking Right To Control Property

Shareholders Of Grand Trunk Railroad Lodge Petition With Government

Ottawa, Ont.—The shareholders of the Grand Trunk Railroad are seeking the recovery of their right to control the railway property, now an integral part of the National Railway system, or fair compensation for their shares.

To this end they have lodged a petition of right with the government at Ottawa, claiming a fiat to sue the Dominion of Canada for the restoration of their property.

The par value of the shares held by the shareholders amounts to about \$150,000,000, and presumably the alternatives before the government, if the law suit was successful, would be either to pay these shareholders \$150,000,000 or to surrender the Grand Trunk lines.

At the moment none of the ministers or deputy ministers concerned in this matter will discuss it.

Starving Crowds Raid Food Stores

Hunger Crazed People In Bessarabia Attack Emergency Stores

Kishinev, Bessarabia. — Starving crowds of men, women and children attacked the emergency food relief stations here and smashed windows wrecked furniture and seized the small remaining supply of food. To appease the hunger-crazed people, the government relief committee has promised additional food supplies.

The government of Bessarabia, which has been the centre of a desperate famine because of crop failure, held a special meeting of officials to discuss further measures for relieving the situation which has been greatly aggravated because of the non-arrival of food trains which are marooned in heavy snow between Bessarabia and Bucharest.

Alberta Keeps Own Police

Province Prefers Not To Make Change In System

Edmonton.—The Alberta Government will not accept the offer of the Dominion Government, that the Royal Canadian Mounted Police shall take over the policing of this province from the existing Alberta provincial police force.

This much was made evident by Premier Brownlee in the legislature, and he gave as his reason the same reason that the Federal Government gave when they refused to remove the R.C.M.P. from the province—that they intended to have their own statutes enforced by their own police.

Paying Visit To Japan

London, England.—The Duke of Gloucester will leave London at the end of March for Tokyo, to invest Emperor Hirohito, of Japan, with the Order of the Garter. Determination of the date of the duke's mission was stated to have been made possible "in view of the improvement in the King's health." The duke's party will arrive in Japan early in May.

New Experience For Italy

Rome.—Ice boats and skis may be necessary to replace Venetian gondolas if the weather in that Italian city does not moderate soon. Ice has clogged up the canals and lagoons which serve Venice as streets and traffic there by means of gondolas has become most difficult. The temperature has been as low as 15.5 Fahrenheit.

Married In California

Los Angeles.—Sir Rodmond T. Roblin, Canadian financier and former premier of Manitoba, and Miss Ethel M. Leggett, of Los Angeles, were married at the Wiltshire Congregational church here, February 5. More than 100 guests attended the ceremony which was extremely simple.

Increase In Jersey Cattle

Toronto.—At the annual meeting of the Canadian Jersey Cattle Club held here reports of registration and transfers showed a marked jump, the figures for 1923 being 24,079, compared with 15,480 in 1922. J. W. McGillivray, Chilliwack, B.C., was elected a vice-president.

FORMS FINANCIAL BUSINESS

C. Rice-Jones, who, until recently, was vice-president of United Grain Growers, has gone into the financial business in Western Canada, and has established his own company, C. Rice-Jones and Co., Limited. To devote himself to this business he has resigned from the Vice-Presidency and from the Board of United Grain Growers, thus severing a connection which has continued during many years.

Prior to 1917, he was President and General Manager of the Alberta Farmers' Co-operative Elevator Company. He helped to bring about the amalgamation of that Company with the Grain Growers Grain Company to form United Grain Growers' Limited, and since 1917 has been first vice-president of the amalgamated company.

He has many friends in all the Western Provinces, and in addition is well known in financial centres. Mr. Rice-Jones has established connections with financial houses in Toronto, Montreal and New York, and is completing an organization of representatives in western towns and cities.

C. Rice-Jones and Co., Limited will be located in the Curry Block, Winnipeg, where a general investment service will be given on stocks and bonds, and, in addition, the company will participate in the underwriting of new issues of securities.

Ottawa Athlete Killed

Plane Crashed During Solo Flight At Camp Borden

Ottawa. — J. G. "Jerry" Ault, prominent athlete of this city, died as the result of injuries sustained at Camp Borden when the plane he was flying crashed. Mr. Ault, who was training for a pilot's certificate, was on a solo flight when his machine went into a tail spin.

A court of inquiry will be held at Camp Borden to determine the cause of the accident.

Enjoying Mild Winter

Copenhagen.—The Greenland Administration Department reports that the country was enjoying an unusually mild winter. There was virtually no ice or snow, it was said, and the temperature was equivalent to approximately 48 degrees Fahrenheit.

Injuries Proved Fatal

Workman For Paper Company Caught In Gear Of Machine

North Bay, Ont.—Despite the effort of a gang of men armed with acetylene torches who cut through gears and shafts of a huge bleaching machine to release him, and the chartering of a special train to rush him to hospital, William Ashcroft, an employee of the International Paper Company, died from shock and loss of blood.

Ashcroft's leg was caught in the gear of the big machine, and, owing to the nature of the mechanism, the gears could not be reversed. The torches were immediately employed and the machine literally cut to pieces. A special train rushed him to hospital in Mattawa, where his right leg was amputated. The shock proved too severe and he died a few hours later.

Death Of Bremen Flyer

Baron Von Huenefeld Succumbs To Operation In Berlin Sanitarium

Berlin.—Baron Ehrenfried Gunther Von Huenefeld, one of the three men in the aeroplane Bremen, which was the first to accomplish without a stop the westward crossing of the North Atlantic, is dead after an operation in a Berlin sanitarium.

Born in Koenigsberg, the son of a Prussian army officer, Von Huenefeld was never strong. When he offered himself for service during the great war he was rejected on the score of his weak physique. He persisted, however, and was finally accepted as a motorcycle dispatch carrier.

Gain In Ship Production

Great Britain and Ireland Lead Lists In Total Tonnage

New York.—Lloyd's register of shipping has announced that an increase of nearly 20 per cent. in the world's production of merchant vessels was established in 1923.

Great Britain and Ireland, which lead the lists in total tonnage had the largest percentage and all maritime countries except the United States shared in a 400,000 gross tons increase over 1922.

Merchant tonnage launched in the United States was only slightly more than half the 179,218 tons aggregate for 1922, but Great Britain and Ireland gained 18 per cent. and all other countries combined 32 per cent.

Succeeds Late Major Bell

Ottawa.—The appointment of R. A. C. Henry, director of the bureau of economics of the Canadian National Railways, to be deputy minister of railways, succeeding the late Major Graham A. Bell, has been announced by the prime minister. Mr. Henry takes up his departmental duties with the same salary as his predecessor—\$10,000 per annum.

Will Meet In Geneva

Toronto.—The fifth conference of the International Federation of University Women will be held in Geneva from August 7 to 15.

AIR SURVEYS FOR LAST YEAR BREAK RECORD

Ottawa.—The pre-eminence of aerial surveying for mapping Canada on account of great speed combined with a wealth of detailed information was the keynote of the report of the Aerial Surveys Committee presented by B. W. Waugh, D.L.S., to the annual convention of Dominion Land Surveyors. Although aerial surveys were inaugurated in Canada only seven years ago, they are rapidly becoming a most popular method of mapping was the statement of the committee.

During last season, which was a record for Canadian operations, 66,143 square miles of territory were photographed by vertical and oblique photography. In Nova Scotia 2,870 square miles were photographed. In New Brunswick, 823; Quebec, 12,382; Ontario, 17,099; Manitoba, 7,635; Saskatchewan, 14,800; Alberta, 4,800, and British Columbia, 4,664. Altogether, 109,122 photographs were taken, said Mr. Waugh.

Not Delaying Treaty

Suggestion That Canada Is Holding Up Arbitration Pact Is Denied

London, England.—The suggestion that Canada is delaying the arbitration treaty between Britain and the United States, was stated in authoritative quarters here to be groundless.

The reason for the delay is that Britain and the United States are anxious to get the Kellogg pact, upon which they have been concentrating for some time, out of the way first, but the conclusion of the arbitration treaty is expected before long.

Observations were received from Canada a few weeks ago, and the other Dominions have also sent their views.

It is admitted that the question of setting up the arbitration machinery has been a matter of some discussion, but no great difficulties are anticipated, and there is no particular hurry.

Silver Bullion Shipped

Halifax.—Included in the cargo taken aboard the Cunard liner "Aurania," which sailed for Plymouth and London, were 240 bars of silver bullion on London option, and 93 parcels of clothing for the miners' relief fund of the Lord Mayor of London, the first shipment for this purpose to go forward from Halifax.

Zeppelin Plans New Trip

Friedrichshafen, Germany. — The dirigible Graf Zeppelin is to start the end of February on a round trip to Egypt and Palestine.

For Influenza

The Liniment That Relieves All Ailments

Liquor Profits For Charity

Quebec.—In the legislative assembly Hon. Athanase David, provincial secretary, announced that the sum of one million dollars would be taken from the profits of the Quebec liquor commission next year and turned over to the charities bureau in further aid of charitable institutions.

WHAT WILL IT DO?

Women are saying: "Pinkham's Compound keeps me fit to do my work." "I was nervous and all run down. Now I eat better and sleep better." "It helped my thirteen year old daughter." "I took it before and after my baby was born." "I am gaining every day."

Lydia E. Pinkham's Vegetable Compound

To Trap the World's Melodies!

The world will soon have another symphony! Rudolph Friml, the noted composer of Rose Marie, The Vagabond King and other musical successes, is circling the globe in search of inspiration for a new work. With his folding baby-upright, he joined the Empress of Australia at Monaco, and will make the world cruise on her, searching India, the Orient and other points in the mystic east, for new and haunting melodies which will later be sung and hummed and whistled the width and length of the globe.

AN ACHIEVEMENT

Since the publication of the financial statement of the town in last week's issue, we have heard little or no comment on the way the finances and business of the town are handled by our town fathers.

The ratepayers' meeting called for on January 25th did not seem to interest the majority. Didsbury isn't the only one of the small towns which cannot boast of a public interest in their own affairs. We note that other points have the same experience. Such occurrences do not appear to be indicative of a civic pride. The colloquial expression "let George do it" might not be better exemplified.

In perusing the expenditure side of the statement published we note that the small sum of \$8.40 was expended for auto camp expenses. Didsbury is surely trying to get their share of the increasing tourist business. A few more dollars expended on that end of town will more than likely bring profitable returns to local merchants. An adequate water supply and electric light are a necessity. The tourist business is growing by leaps and bounds.

The town council and the town clerk are to be congratulated on the splendid showing they have presented in their annual report. A favorable bank balance is indicative of good times plus good management. The proportion of debt to assessment has been reduced from \$3.30 to \$1.62, and the debt per capita \$11.51 to \$9.16, which is especially creditable. Didsbury has not stopped advancing.

CREDIT AND BUSINESS

Modern business is based in great part upon credit. Big business and small business and all branches of business are conducted on a credit basis. It therefore follows that when credit fails business will fail. It is no business secret that the chain of credit extends all the way down from the source of raw materials to the ultimate consumer. Everybody uses credit. The manufacturer, the merchant, the farmer, the customer, all are borrowers. Business benefits from credit, of course, or it would not grant it, but the public also reaps rich benefits from liberal credit. Automobiles, fine furniture, good clothing, radios, pianos, phonographs and many other quasi-luxuries are possible for most people only through credit. If the credit method of merchandising is to endure those who receive the benefit from it must fulfil their contracts. That this has been done is evident from the fact that the great majority of people who buy on credit pay their debts promptly. A cardinal virtue of the Canadian people is the honesty they exhibit in their relations with their fellowmen. No greater insult can be heaped upon a Canadian than to brand him "dead-beat."

BLAME IT ON THE TAXI

Existence of a vice ring in Edmonton is being investigated by the Department of the Attorney General, and taxi drivers are in the limelight—the particular suspicion levelled at them being that they are particularly active in securing or aiding in the moral delinquency of the youth of

LOCAL & GENERAL

Mr. and Mrs. C. F. Dooley were visitors to Calgary on Tuesday.

Mr. E. G. Ranton was a business visitor to Calgary on Monday, returning the same day.

Adshead's Garage has been fortunate in getting a new Chevrolet, coach model, for display purposes.

Miss Enith Hunsperger was a visitor to Calgary during the week-end.

New and bigger handy scratch pads at the Pioneer Office. 2 for 5 cents.

Mrs. A. G. Studer returned on Sunday from Calgary where she spent the week with her daughter, Mrs. Dan Campbell.

Mrs. Eluid Cressman left for Calgary Saturday evening where she will spend a few weeks.

Messrs. D. Dippel, J. V. Berscht and C. E. Reiber are attending the Provincial Fairs convention in Calgary this week.

Snell & Carter, Registered Optometrists, will be in their office over the Royal Bank on Monday, February 18th. 06-2c

Miss Florence Reiber returned to Didsbury on Monday after spending a holiday with her cousin, Rev. Wm. Miller in Saskatchewan.

Here is this beautiful star's finest dramatic role. Norma Shearer with Lowell Sherman in "A Lady of Chance," at the movies, Saturday, Feb. 16th.

Ed Shan of Teskey's garage is spending two weeks in Calgary acquainting himself with the latest improvements on the new Big Six Pontiac.

A very delightful evening was spent by a number of young folks at the home of Mr. and Mrs. Allen Hunsperger on Feb. 5th, in honor of Roy Havens before his departure for Oregon.

Tuesday evening a surprise party was held for Mr. and Mrs. L. A. Ford at their home. A large crowd attended and dancing and cards were enjoyed until a late hour. Mr. and Mrs. Ford are moving near Carstairs about March 1st.

Three rinks from Didsbury left on Tuesday to compete in the Olds twelfth bonspiel. The personnel of the rinks are: Sinclair, McCov, G. Julien, R. Honey, Kaufman, Cook, Johnson, E. Gooder, Edwards, McNaughton, Teskey, N. Eckel.

SEE a mammoth ocean liner sent into oblivion after crashing into a monster iceberg. SEE a river barge wrecked by a massive freighter in the East River, New York. SEE "East Side, West Side," with George O'Brien, Virginia Valli and J. Farrell McDonald, at the Opera House, Didsbury, Wednesday, Feb. 20th.

the city. Undoubtedly the automobile plays an important part in the fast life of the country, and undoubtedly some taxi driver are willing parties to it; but it is difficult to see why the rank and file of those engaged in making a living by conducting an auto livery should be condemned as undesirable solely because of their occupation. The taxi driver who pauses to enquire "age, sex and intentions" in answering the phone call of a prospective fare would soon find himself with no calls to answer. The root of the trouble lies much deeper, and the abolition of taxis will not help it to any considerable degree.

The Edmonton correspondent of the Calgary Albertan quotes J. J. Frawley, of the department, as saying: "The vice ring of Edmonton is a blot on the city. One hears of such things in the bigger cities across the line, where the underworld is organized and powerful, but here in Edmonton a state of affairs exists which is almost unbelievable."

Evidently it is much more difficult for residents of the cities to see themselves as others do, for it is not difficult for an observing person visiting any of our Alberta cities to see much that is wrong, and to gain the impression that a certain amount of official indifference exists. It will be surprising, if this investigation goes far enough, if existence of an organization is not found.

Mr. Harry Stickley is attending the International Tractor School in Calgary this week.

Mr. Walter Fulkerth spent a few days in Calgary over the week-end.

Mr. Dave Smith and nephew, Roy Havens left Saturday evening last for Oregon where they will reside.

Carstairs lost to Red Deer last Friday night in the second round of the provincial hockey play-off 5 to 1. Red Deer now plays Banff.

Mrs. A. Cressman and daughter Zillah, Mrs. Dan Dippel and daughter, Mrs. Vern Shantz of High River, spent Wednesday at the home of Mr. and Mrs. Allen Hunsperger.

Mrs. Malcolm Campbell and three daughters, who have been spending the past six weeks with the former's sister, Mrs. Cecil Studer, left last week for her home in Glace Bay, Nova Scotia.

Two Girls Live on Hot Water and Rice

Due to stomach trouble, Miss A. H. and sister lived on hot water and rice. Now they eat anything and feel fine, they say, since taking Adlerika.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you.

GLIMPSES FROM THE PAST

20 YEARS AGO

The Railway Commission has ordered the Hespeler street crossing opened at once.

A. G. Studer paid a short visit to Calgary last week.

15 YEARS AGO

J. Eubank and A. Buckler attended the school trustees convention held recently at Medicine Hat.

Miss Esther Sanderman was a visitor to Bowden this week.

Born—On Friday, Feb. 14, 1914 to Mr. and Mrs. J. V. Berscht, a son.

10 YEARS AGO

Miss Eva Sexsmith returned on Friday last from Kingston, Ont., where she has been attending college.

Mr. and Mrs. Abner Hunsperger and family are leaving in a few days for Oregon where they will spend a few months holidays.

Mr. and Mrs. S. Reiber of Forestburg, Alta., are visiting with their parents, Mr. and Mrs. H. Reiber, for a few days.

Messrs. Clint Reiber of the Royal Bank staff, Calgary, and Harold Reiber who is attending Normal school there, spent the week-end at the home of their parents.

A suitable penalty to inflict on those Doukhobors in Southeastern B.C. who were wont to parade in nature's garb, would be to turn them loose in this section of the province a week ago in 40 below zero weather.

Church Announcements

Evangelical Notes

Whereas several inquiries for church membership and Christian baptism have been made recently, an opportunity for such will be given on Sunday, February 24th. Others desiring to join or be baptised are invited to consult the pastor before the above date.

Lutheran Church

Westcott 10.30 a.m., German.
 Didsbury 2.30 p.m., German.

During the Lenten season midweek Lenten services will be conducted in German at St. John's Lutheran Church, Didsbury, every Thursday evening beginning at 8 o'clock. The following series based on the record of St. Luke will be followed:

Feb. 14. Christ's Suffering in Gethsemane.

Feb. 21. Three Bitter Drops in the Cup of Suffering of the Lord.

Feb. 28. The abuse which the Saviour suffered in the ecclesiastical court of Caiphaz.

March 7. Before the judgment seat of the world.

March 14. Jesus on the Via Dolorosa.

March 21. The Death of the Son of God on the Cross.

March 29. The Power of the Death of Christ.

All Lenten services will be repeated at Westcott on the following Sundays. In view of the fact that the Passion of the Lord forms the central theme of the work of redemption it is inconceivable that any adherent of the Lutheran faith should fail to avail himself of the opportunity offered here in these services. Throughout the entire Lenten period a perfect attendance is therefore expected.

United Church

Third Sunday in month—Morning at 11.00 a.m.

ITEMS OF INTEREST

The Alberta Teachers' Alliance are standing behind the Minister of Education's proposed new rural school act. They have added a few constructive criticisms but in the main the teachers' organization appears strongly in favor of the change, in that it will be beneficial to teachers, public and pupils.

The mayor and council of the town of Bassano are congratulating themselves on winning a 15-year old struggle to compel the city of Calgary to cease dumping its raw sewerage into the Bow river—a matter of much concern to water users of Bassano, who get their supply from this river. The Provincial Health department has ordered the city of Calgary to construct a sewerage disposal plant.

According to a decision of the delegates at a recent meeting in Calgary, the organization heretofore named the "Alberta Co-operative Wheat Producers Limited" will in future be known officially as the "Alberta Wheat Pool," the name by which it is popularly known throughout the world.

School lands which have reverted to the crown will be offered for sale once a year, and if not sold, the grazing and cultivation rights for the current year will be offered by auction according to regulations recently issued from Ottawa. If the lands are not disposed of at this auction, the permit for grazing or cultivation will be available to the first eligible applicant. The grazing permits on all unsold school lands will not be effected by these changes and will be issued in the customary way.

A comprehensive program has been drawn up for the short course

for weed inspectors which will be held under the direction of the Alberta Department of Agriculture at the University of Alberta, Feb. 25 to 29. It is anticipated that a large number of candidates for pos-

itions as weed inspectors will attend this course during which lectures and demonstrations will be given by a number of authorities on the various branches of agricultural work.

ALL RACES IN FRIENDLY ARENA

Upper—Ukrainian High School girls of Winnipeg form a beautiful string orchestra for the festival. Lower Left—All nations will contribute to the event. Lower Right—Doukhobor women spinning at their settlement in Brilliant, B.C.

Fine art must always be produced by the subtlest of all machines, which is the human hand. No machine yet contrived or hereafter contrivable, will ever equal the fine machinery of the human fingers.—John Ruskin.

Few countries can so readily and fully demonstrate this formula as Canada demonstrates it today, with her ever-increasing family of new Canadians from every craft-hire of ancient Europe.

They are here in their thousands to embellish the bareness of a new world with the transported skill and taste of old centres of master-craftsmanship. They are carding, and spinning, and weaving the fleece and the flax of our prairies; they are hammering our metals, moulding our clay, carving our woods, plaiting our straws, to the tune of every peasant song that has echoed down the corridors of racial history through the rural homes of Europe's people.

Here, they find a blue sky wide enough for all comers; a sweep of pregnant prairie where men of

any class and any race may sweat and eat nobly; revel at their ploughs; and revel in the sunshine. And simple hearths for winter days where Slav, and Magyar, Latin, Celt, and Scandinavian, Pole and Ukrainian, Hungarian and Roumanian, Finn and Russian, Doukhobor, Austrian, Czech, and the rest, may sit in peace, weaving their memories into lovely things which all will assemble to admire and enjoy together in the friendly arena of Canadian Folksong and Handicraft Festivals.

Confidently, the old Canadian predicts that the Canada of tomorrow will solve some racial problems which are the universal despair of today. And she will do it in great part by quietly saving and blending the missionary crafts of these beauty-loving missionary migrants who are merging themselves into her family as New Canadians. The first Canadian Folksong and Handicraft Festival is to be held in Winnipeg, June 19-23 of this year, and will present a wealth of interest.

Good

Blue Ribbon Tea

Only choice leaves grown at high altitudes go into the blending of Blue Ribbon Tea. That is why its flavour is so uniformly excellent. Insist upon getting it from your grocer—refuse substitutes of inferior quality.

Preparing For Air Service

Aerodromes—Are To Be Built In South African Jungle

Jungle aerodromes are being laid out in Africa in preparation for the air service from Cairo to Johannesburg. Thousands of trees have had to be felled and their roots dug up to provide landing spaces. Ant-hills have been, in many places, removed by hand, as no other means were available. Some of them were over 25 feet in height. Experimental flights are to be made next summer as a preliminary to the regular service. The whole journey of 5,000 miles will take five or six days instead of two months by existing means of transport.

To Prevent "Flu"

INFLUENZA GERMS FIRST ATTACK THE NOSE AND THROAT

Dangerous germs which lodge in the breathing give you Grippe, Flu, or Influenza. You can destroy these germs if you cleanse your nose, mouth and throat with Catarrhazone. When the healing vapor of Catarrhazone is inhaled it releases powerful antiseptics which destroy every vestige of germ life.

Protect yourself against "Flu" by using Catarrhazone; it stops a cold in a few moments, cleans the nostrils, takes soreness out of the throat. All the irritating matter in the nose and throat that smells so bad, that gives you a headache and makes you cough—Catarrhazone clears it all away.

For Influenza, Catarrh, Nose Colds, Irritable Throat, you will get prompt and effective action from Catarrhazone. Carry the Inhaler in your purse or pocket, etc., use it frequently. Complete outfit \$1.00. Smaller size 50c. at all dealers.

Tooth Weighs 300 Pounds

The largest tooth in the world, 11 feet 2 inches long and weighing more than 300 pounds, has just arrived at the Harvard Dental School Museum. It came from the jaw of a mastodon, and scientists estimate that it is more than 50,000 years old. Before the tusk was found in Alaska, the largest known specimen was the 9-foot one in the Carnegie Museum, Pittsburgh.

Business Was Good

Four million miles of flying were recently completed by the cross-channel fleet of the Imperial Airways. Since 1924 the company's planes carried more than 97,000 passengers and 3,000 tons of freight between London and the continent of Europe.

The only difference between the composition of the sugar on your table and the gasoline in your car is that the sugar contains a gas called oxygen which the gasoline does not.

THINNESS

Over-thinness is detrimental to a child's progress in growth and health.

Scott's Emulsion

of vitamin-rich cod-liver oil is a body-building food and tonic that overcomes thinness and helps build up a sturdy body.

Four European Tours

C.N.R. Complete Arrangements For Personally Conducted Trips This Summer

Pennies are being saved, and History and French are being brushed up by scores of Western Canadians who are looking forward to a tour of Europe this coming summer. Early as it is in the season, the Canadian National Railways have already announced the completion of arrangements for their four annual personally conducted European tours. The Cunarder, "Andania," will leave Montreal on July 5, and from the word "Go!" it will be high holiday for the school-teachers and other lucky ones who are on board.

Motor jaunts through England and Scotland will take inn places. Scotland will take in places names make the imagination quiver—Melrose Abbey, Holyrood, Abbotsford, Warwick Kenilworth, Stratford-on-Avon, Oxford, Hampton Court, Stoke Poges—there will be a steamer trip on Loch Lomond, a visit to the Trossachs, and days in Glasgow, Edinburgh and London. Then there will be a long stay in Paris and a journey to Versailles and to the battlefields.

Those who stay in Europe longer will visit Brussels, and Cologne, and Switzerland, and the travellers with even greater leisure will have the joy of going down into Italy—Milan, Venice, Florence, Rome, Genoa—and to Nice and Monte Carlo.

The first return steamer, the "Aurania," will depart from Southampton on August 3; the second, the "Ausonia," from Cherbourg, on August 10; and the third, the "Alaunia," from Cherbourg, on August 24.

Mothers Warned Of Colds That Follow the Flu

Attack Weakened System and Pave Way for Pneumonia or New Case of Influenza

BEST TREATED EXTERNALLY

Physicians advise that the chief danger in this epidemic is after influenza. Then, more than ever, cold attacking the weakened system may lead to bronchitis, pneumonia, or a second and more severe case of flu. This is especially true of children.

Flu nearly always leaves the stomach upset. Internal medication should, therefore, be avoided, as it often further disturbs the digestion and thus retards recovery.

Put if a fresh cold comes, don't let the child keep it overnight. Just rub Vicks on throat and chest at bedtime. As it is applied externally, Vicks can be used freely even on the youngest child, with no fear of upsetting a delicate stomach.

Vicks acts two ways at once (both absorbed and inhaled) to check the cold and avoid serious complications. And, of course, it is just as good for adults.

Transforming Palestine

A powerhouse is being erected on the River Jordan a few miles below the Sea of Galilee. The river drops 2,000 feet in 104 miles. Automobiles, electric lighting and steam railway trains are working a transformation in Palestine.

Minard's Liniment for Coughs and Colds.

Devotional Reading: Psalm 121:1-8.

Explanations and Comments

Prayer Should Be Sincere, Mt. 6:5-8.—And when ye pray, ye shall not be as the hypocrites; for they love to stand and pray in the synagogues and in the corners of the streets, that they may be seen of men. It was the appearance of righteousness that the hypocrites coveted, not the righteousness itself.

"To be seen of men is, after all, one of the most influential incentives to human conduct. Some people go into reckless extravagance in order to be seen of men as rich; and the average person would rather be seen to have certain qualities than actually to possess them."—H. S. Brewster.

"Verily I say unto you, 'They have received their reward,' said Jesus in regard to the hypocrites. The Greek word translated 'received' means 'received in full,' and is the one used in drawing up receipts. They have received the full reward which they sought, they have been seen of men, and this was what they desired, they have no claim whatsoever to any further reward.

"Nor will he to those lips attend Whose prayers are not sincere."—John Buxton.

But thou, when thou prayest, enter into thine inner chamber, and having shut thy door, pray to thy Father, who is in secret. The inner chamber with closed door stands for any place where we are alone with God. For Nathaniel it was under the fig tree, for Peter, it was on the housetop. Jesus himself chose the mountain-side and the garden for His communing with His Father. When you pray shut out the world and shut yourself in with God. "Dew falls, we are told, only when the atmosphere is still, and the dew of prayers will fall abundantly on our souls only when we are at leisure." Jesus is not disparaging public prayer (which He elsewhere commands), but He is emphasizing the test of sincerity which private prayer affords.

And thy Father who seeth in secret shall recompense thee.

The Many-Purpose Oil. — Both in the house and stable there are scores of uses for Dr. Thomas' Electric Oil. Use it for cuts, bruises, burns, scalds, the pains of rheumatism and sciatica, sore throat and chest. Horses are liable very largely to similar ailments and mishaps as afflict mankind, and are equally amenable to the healing influence of this fine old remedy which has made thousands of firm friends during the past fifty years.

Once when mother spoke of reducing she meant expenses.

Western Canadians To Tour Maritimes

Principal Towns and Beauty Spots Will Be Visited

In an effort to bring closer together the East and the West, Dr. F. W. Fallis, publisher of the "New Outlook," the official periodical of the United Church in Canada, is organizing, with the co-operation of the Canadian National Railways, a tour of the Maritime provinces for the benefit of Western Canadians. The tour will leave Toronto by special Canadian National train on June 17, visiting Ottawa, Montreal, Quebec, going by steamer up the Saguenay River, thence by rail to the principal towns and beauty spots of New Brunswick, Nova Scotia, and Prince Edward Island. More than 80 persons from Winnipeg and the west are expected to take part in the tour, which will be personally conducted.

Variety in London

Odd conditinos are frequently brought to light in connection with the boroughs of London. Often opposite sides of streets are in different boroughs. One pavement will be illuminated by incandescent gas; across the road electric light is used. The dustbins of the "odds" are more frequently emptied than those of the "evens." A child living at No. 41 may attend a school from which No. 42's infants are debarred.

General William Booth started the Salvation Army standing on a soap box outside a saloon in the East End of London.

The most important phase of aeronautics which is developing in Canada is the use of aircraft in mineral exploration and development.

COUGHS & COLDS

are often the forerunners of serious complications, trouble and expense. Don't allow your horses to be laid up when you need them most. Keep them working with **SPOHN'S** Horsemen swear by it—sold for 35 years. 60 cents and 12 in at drug stores or direct. **FREE SAMPLE** Write today for free trial bottle—enclose yourself at our expense. **SPOHN MED. CO., Dept. 23, Graham, Ind.**

"His wife used to be a peach."
"She still is. She's a peach O Reno."

FOR MOTHERS OF YOUNG CHILDREN

Mothers are quick to praise anything which brings health and comfort to their little ones—any medicine that will make the baby well and keep him well will always receive hearty recommendation from the mother. That is why Baby's Own Tablets are so popular. Thousands of mothers throughout the country, not only use them for their own little ones but are always delighted to be able to recommend them to other mothers. Thousands of mothers have proved Baby's Own Tablets to be without an equal in relieving their little ones of any of the many minor ailments which arise out of a derangement of the stomach and bowels. Baby's Own Tablets are the ideal laxative—easy to take, but thorough in action. They banish constipation and indigestion; break up colds and simple fevers; expel worms and make the teething period easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A married man says that he was always fond of tongue—and he likes it still.

Reduce the Acid

Sick stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour.

Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless, tasteless dose neutralizes many times its volume in acid. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Foods Stay Fresh Longer This Way

Covered with Para-Sani Heavy Waxed Paper goods that usually stale in a day or so stay fresh for quite a long time. Try it. Get Para-Sani in the handy, sanitary, knife-edged carton at grocer, druggist or stationer. For less exacting uses get "Centre Pull" Packs in sheet form.

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhoea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

CHAPTER XIV.—Continued.

"To hell mit him!" shouted Hand. "He don't dare do it. Rush him."

But the mob did not obey their leader's rash command. Donald's pale face and burning black eyes were sufficient evidence that he made no idle threat. Donald saw the big hand of his foreman stealing to the butt of the heavy Colt that hung at his side. "Keep cool, Jack," he begged; "don't start anything."

For days Gillis had been without sleep. He turned bloodshot eyes on Donald. "By G——! I would like to take a crack at Hand," he said in a voice thick with rage.

The hostile crowd did not advance; neither did they leave. Scattered in groups, they lay or sat on the hillside to shout occasionally words of derision at Donald's faithful crew.

Donald's nerves were on edge. At any moment there might be a

pitched battle with loss of lives. He studied the faces of the strikers to see how many were from his crew, and was surprised to recognize fully 40 of his men. He saw "Blackie" in the rear of the crowd of strikers. When his eyes met Donald's he turned away shamefacedly. All the men from his camp refused to meet his gaze squarely. "Those men are ready to come back right now," he said to Gillis. "Hand has bullied them into this. Don't you think so?"

"I don't know," answered Gillis. "I never thought Blackie would go back on me. I'll wring his d——d neck when I catch him in town!" he added bitterly.

Donald heard a slight movement behind him, and turned to see Connie standing with her rifle in the crook of her arm.

"Good heavens! Connie, you shouldn't be here!" he exclaimed.

Connie's face bore traces of weariness and sleeplessness. For three nights she had stolen softly away from her cabin on the hillside to lie hidden outside that of Donald. By night she had kept up a weary vigil, ever on the alert; in the forenoon she had lain behind a stump on the hill with eyes on Donald's tall figure whenever he came in sight, her rifle ready for instant action. Hand did not know that death had nearly claimed him when he stepped forward to urge his men to charge. At that crucial moment Connie's rifle was aimed at his heart.

"Get away from here at once, Connie!" said Donald, firmly, but kindly.

Connie lowered her eyes to her moccasined foot, that was weaving patterns in the dry soil, and shook her small head obstinately.

"Why do you wish to stay?" he asked.

She patted the stock of her rifle. "I—I want to help you."

Donald looked down at the weary little figure. He stepped down from the stump, keeping a wary eye on the belligerent strikers, and came to her side. "Connie," he said softly, "you are a dear, brave little girl, but you must get away from this place as there may be serious trouble. Please, Connie," he entreated, reaching out a hand to stroke her shining hair.

Connie's face paled quickly, and she shrank from the caress. Her slender body trembled at his touch, and his display of tenderness brought a sudden rush of tears to her eyes. But she made no move to leave the scene.

Finding that he could not shake Connie's determination to stay, Donald returned to the vantage point of the stump. "Jack," he said, turning to his big foreman, "I am going to make one last appeal to these men. If I am any judge of human nature about half of them if they can save their faces, will welcome the chance to go back to work. They are being dominated by Hand."

Gillis shrugged his shoulders. "Do what you think best," he said. Donald passed the dynamite to Gillis and stepped forward with his arms extended, palms upward. The crowd moved uneasily. Hand came slowly to his feet, his small eyes narrowed with suspicion.

"What's up?" he growled.

"Men," Donald began in a high clear voice, "I would like to convince you that you will gain nothing by your present tactics. Bloodshed will surely ensue. I have orders to refuse your exorbitant demands. Personally, I have no choice in the matter; there is no other course for me to pursue. In spite of your interference we will continue working with the few men who have remained loyal. I will ask for police protection only as a last resort. I appeal particularly to the men who worked for me here at this camp. Is there one of you who can truthfully say that you were not accorded fair treatment? Is there one of you who will not admit that the general equipment for your comfort is unequalled in any camp in British Columbia? You are making a mistake, men," he went on in a pleading tone, "a mistake you will be sorry for later, for you will be blacklisted in every camp in the country. Go back to work, and I promise you there will be no mark against you. That's all."

Donald walked back to Connie's side. The men had not interrupted him once.

Hand turned to the wavering

Christie's Biscuits

The Standard of Quality Since 1853

Safest and best for Children or Invalids because they are Christie's Arrowroot Biscuits.

In the store or on the 'phone always ask for

Christie's ARROWROOT

crowd. "To hell mit him and all capitalists!" he snarled. He turned to shake a huge fist at Donald. "You threaten us, do you? You d——d!" The epithet that came from his coarse lips was one that would cause any decent man to see red.

Donald stiffened. His face turned livid. "You dirty cur!" he flamed. "Don't you know that there is a lady present? You apologize to this little girl or I will whip you within an inch of your life!" His voice trembled with passion.

"Lady," scoffed Hand, "vat you call a lady? She moost be nice lady, runnin' in de woods wit' you ev'ry Sunday."

A murderous look shot from Donald's dark eyes. A terrible rage possessed him, a rage that made his blood feel hot in his veins and gave him the unnatural strength of a madman. A dull red flamed in Connie's tanned cheeks. She sat down and covered her hot face with her hands.

Andy now came running from the cook-house, dressed in white cap and apron, his rifle trailing at his side. "What's goin' on, Donnie?" he questioned.

Donald did not answer. Gillis spoke to Andy in an undertone.

"My God, Donnie, 'e's twice your size! Don't fight 'im!" implored Andy.

"Till kill him!" rasped Donald. Gillis seized his arm. "Let me fix the d—— skunk; he's nearer my size."

"No, this is my affair!" shaking himself from the grasp.

The sound of a paddle came from below, and the trapper sprang from his dugout and came swiftly up the hill. As Andy briefly explained the

situation the old man's grey eyes narrowed to mere slits beneath the shaggy brows.

"Ah!" he breathed. "Me and 'Betsey'," patting his six-shooter, "we likes to shoot up bohunks. We shoots them in the heel so's to save their clothes." His mouth was set in a grim smile, a smile that was belied by the steely look in his deep-set eyes. He seated himself on a log and placed his gun on his knees.

Donald had by this divested himself of coat and shirt and now stepped forward dressed in light cotton trousers, a sleeveless undershirt and moccasins. "Hand," he said in a steady voice, "this is between you and me. See to it that your men do not interfere; I will vouch for mine."

The big foreigner was rubbing his big hands as though in pleased anticipation. "I suppose you know how we iss goin' to fight? Everything goes, you know." His grin was fiendish.

Donald knew what was meant. There were to be no rules of combat; no time duration; no referee; no rounds, and woe to the man who should go down. It was to be a battle as of primeval man. It might result in terrible injury and mutilation. He sickened at the thought.

(To Be Continued.)

A Clever Idea

The Durham Chronicle tells of a young man who visited a store in that town, purchased three dozen eggs on credit, took them to another store and sold them and used the money to buy gas for his car. This is probably the first instance of a thirty-six hen-power automobile.

A steadily increasing group of words making its way into the dictionary is that of dialectal, provincial and local words and expressions

A Remedy For Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will do much in relieving pain.

Edna: "Chivalry is dead. Can you imagine a man today like Sir Walter Raleigh spreading his coat for a woman to cross a mud-puddle?"

Crawford: "He wouldn't have to. She'd jump it!"

Could Not Sleep Heart Would Start Pumping and Pounding

Mrs. Fred. P. Averill, 136-12th Ave., Calgary, Alta., writes:—"I was bothered so much with my heart I could not sleep. I would waken up in the night screaming, and my heart would start pumping and pounding. A neighbor lady told me to try

so I started taking them and I can truthfully say I am a different woman. Altogether I only took two boxes."

WINDOLITE

*The Improved
Glass Substitute*

MADE IN ENGLAND

WINDOLITE stands for 100 per cent. sunlight. It makes light but strong windows for cattle sheds, dairy stables, poultry houses, brooders and all out buildings. It is economical, unbreakable, flexible and is easy to cut and fit. It is now being successfully used for sunrooms, verandahs, schools, factories, hospitals, sanitariums, hot beds, plant coverings and greenhouses. It keeps out cold—will not crack or chip—cuts with an ordinary pair of scissors and is easy to fit. WINDOLITE is supplied in rolls any length but in one width of 36 inches only. A square yard of WINDOLITE weighs about 14 ozs., while a square yard of glass of ordinary thickness, weighs about 135 to 140 ozs. The improved WINDOLITE requires no varnish. WINDOLITE is made in England.

Price \$1.50 Per Square Yard, f.o.b., Toronto.

ECZEMA IN RASH ON HANDS Troubled For Three Years. Healed by Cuticura.

"I was troubled with eczema on my hands for three years. It appeared in a rash and then formed blisters. It troubled me much worse in winter so I could hardly put my hands in water or be near heat. My hands were terribly inflamed and disfigured. I had to wear old gloves to keep from scratching."

"I saw a Cuticura Soap and Ointment advertisement and sent for a free sample. I got relief from it so I bought more and after I had used them for three months I was healed." (Signed) Miss Beatrice Aiken, Highwater, Que.

Use Cuticura Soap, Ointment and Talcum for daily toilet purposes.

months' credit on approved joint
bankable notes, 8% interest. 4% off
for cash. \$40 and under net cash.

J. W. PHILLIPSON,
Auctioneer.

Merchants Must Not Overlook This Fact

MOST successful merchants have found
that the most DIRECT and ECON-
OMICAL way to reach a tremendous-
ly important market, the FARMERS
—the backbone of Didsbury's and Al-
berta's basic industry—is to tell their stories in the
NEWSPAPER.

Many local farmers DEPEND on the "Pioneer" for
events of local, territorial and national importance—
market data and other notes that INTEREST him
because they AFFECT his business.

NOT to advertise in "his paper," is to OVERLOOK
what usually proves to be a very FERTILE market.

CAN HE RUN?

The winning of the forty yard dash
by Percy Williams, of Vancouver, at
the fortieth annual athletic meet of
the Boston A.A.A. in 4 3-5 seconds
Monday, over a field of America's
best, has been nationally accepted by
the States as proof that his winning
at Amsterdam in the Olympic events
was no accident or sudden flash. In
the lead from the crack of the pistol,
he literally "showed them up," and
his claim to the title of the world's
fastest human is acceded. Vancouver
may be his home town, but this boy
belongs to all Canada now.

Coming Events

I. O. D. E. Valentine Novelty
Dance, Didsbury Opera House,
Friday, Feb. 15th. 05-3c

The Cheero branch of the Rugby
W.I. are holding an entertainment
and dance at the Melvin School on
Feb. 22nd.

RUGBY

At the last meeting of the Rugby
Cheer Up Club, held on Wednes-
day, February 6th, it was decided
to hold a debate on Wednesday
evening, Feb. 20th, the subject be-
ing, "Which is the most efficient
on the farm, the truck or tractor."
Everybody is welcomed.

A whist drier and dance was held
in the Rugby school Monday even-
ing, Feb. 8th, the proceeds of
which were in aid of the Woods Or-
phan Home, Calgary. After ex-
penses were paid the balance of \$13
was remitted to the institution.
The first prize for ladies was won
by Mrs. Ace Eslet and the gents by
Douglas Hosegood. The consol-
ation prizes were went to Mrs. Ir-
hushewd and Alan Vipond. A
large crowd was present and every-
one thoroughly enjoyed themselves.
The music was supplied by the
Eagle Hill 5 piece orchestra.—Con-
tributed.
